

HLI EDI COMMITTEE EVENT DISCUSSION GROUP

JOIN US FOR OUR NEXT EVENT FOR A VIEWING AND DISCUSSION OF:

INVISIBLE — DOCUMENTARY ABOUT 6 DISABLED WOMEN ACTIVISTS

Did you know that nearly 1 in 3 Canadians aged 15 years or older have one or more disabilities that limit their daily activities?

An invisible disability is classified as a physical, mental, or neurological condition that is not visible from the outside yet can limit or challenge a person's movements, senses, or activities.

Join us for a discussion on how we can understand and support people with invisible disabilities and make our environment more accessible. We will be watching a documentary based on a research by the TEND Project, followed by a light discussion.

If you have any questions, please reach out to us using the email

EDI@HLI.UBC.CA

TOPIC

Invisible Disability — chronic pain, blindness, neurodivergence, anxiety, and pandemic

DATE

May 30, 2024

12:00-12:30 (Documentary)
