Centre for Heart Lung Innovation Seminar Series

Regulation of group 2 innate lymphoid cell functions and its impact for pulmonary health.

Jörg FRITZ, Ph.D.,
Associate Professor
Department of Microbiology and Immunology
McGill University
Montreal, QC

Friday Nov 27th, 11:30 – 12:30 PM

ZOOM Virtual Seminar

(Meeting ID: 665 4712 8414; Passcode: 008194)

Hosted by Kelly McNagny

“Group 2 innate lymphoid cells (ILC2) are critical for initiation of the type 2 immune response at mucosal barrier sites. My seminar will discuss the role of the metabolic enzyme diacylglycerol acyltransferase 2 (DGAT2) in ILC2 function and its implications during allergic lung inflammation.”

This event is a Self-Approved Group Learning Activity as defined by the Maintenance Certification Program of the Royal College of Physicians and Surgeons of Canada
