Centre for Heart Lung Innovation Seminar Series

Developing treatments for COVID-19

Anthony Gordon, MD
Chair in Anaesthesia and Critical Care,
Imperial College London
London, UK

Friday June 11th, 11:30 – 12:30 PM

ZOOM Virtual Seminar

(ZOOM Meeting ID: 662 2255 0438; passcode: 623137)

Hosted by Jim Russell

“COVID-19 presented a huge challenge, how should we best treat this novel disease? A cytokine storm was described and many immune modulating drugs proposed and used. But circulating levels of inflammatory cytokines were not that high and was it wise to suppress an immune system for a disease for which no one had any immunity.”

This event is a Self-Approved Group Learning Activity as defined by the Maintenance Certification Program of the Royal College of Physicians and Surgeons of Canada
