## Centre for Heart Lung Innovation Seminar Series

---

### Cardiac events and comorbid conditions: a two-way relationship

**Graeme J Koelwyn, Ph.D.**  
Postdoctoral Fellow  
Sloan Kettering Institute  
Department of Medicine  
New York, NY

Friday May 28<sup>th</sup>, 11:30 – 12:30 PM

**ZOOM Virtual Seminar**

(ZOOM Meeting ID: 662 2255 0438; passcode: 623137)

Hosted by Jim Hogg

---

*“A heart attack results in systemic (whole-body) alterations that increase the risk for subsequent heart disease. Yet many patients who experience a heart attack also have other health conditions. Our group uses an ‘omics-based approach to explore how the systemic effects of a heart attack accelerate comorbid conditions such as cancer and infection, leading to worse outcomes for patients.”*

*This event is a Self-Approved Group Learning Activity as defined by the Maintenance Certification Program of the Royal College of Physicians and Surgeons of Canada*
