Centre for Heart Lung Innovation Seminar Series

**Explore data integration to understand
atherosclerotic disease in the world of 'Omics**

Ying Wang, PhD
Assistant Professor
University of British Columbia

Friday April 9th 11:30 – 12:30 PM

ZOOM Virtual Seminar

(ZOOM Meeting ID: 662 2255 0438; passcode: 623137)

Hosted by HLI

“This talk will share examples and personal perspective of how to leverage ‘Omics’ data to understand biological processes and answer clinically relevant question. These examples include our recent work on investigating cell interactions and phenotype switching in the atherosclerotic lesions using a combination of single cell and in situ ‘Omics’ technologies”

This event is a Self-Approved Group Learning Activity as defined by the Maintenance Certification Program of the Royal College of Physicians and Surgeons of Canada
